

The Salon California

FOR IMMEDIATE RELEASE

The Salon California Delivers Australian Style to Carmel, California *New hair salon features international stylist Hannah Mills, as well as a premier selection of services and products*

CARMEL, CALIFORNIA, JUNE 18, 2016 - The Salon California has officially launched in Carmel, California, and the leading-edge salon is thrilled to offer a chic Australian influence backed by world-class products and services.

The Salon California was founded by Hannah Mills, a skilled and highly sought after hairdresser who hails from the Monterey Peninsula. She has returned after a successful career abroad to start her own salon.

At The Salon California, guests can expect to receive world-class styling and coloring services. In addition, The Salon California places an emphasis on providing natural products from Australia to clients in Carmel. One such product, Original Mineral (O&M) is now available.

Original Mineral uses a low-chemical, natural-based foundation to provide nourishing, native Australian ingredients. Each product is packaged in a recyclable, sleek bottle that is as attractive on the outside as on the inside. The O&M brand is popping up at leading salons around the world, and Mills is pleased to introduce it in California.

“We promise that you will not find better color anywhere else. Forget awful chemicals that ruin your hair. Our clients love this all natural color and have never felt better,” said Mills. “We exclusively provide Original Mineral products and hair color - O&M bridges the gap between natural and luxury hair care.”

Mills is exceptionally thrilled to bring back pieces of her journey by providing Australian products at The Salon California. Thus far, her clients have been equally satisfied with the salon’s services.

“Hannah, you are awesome. My hair has never looked better, and I have so much fun hanging out in your salon. No more franchise haircuts for me,” said Matt Jackson, a local personal trainer who recently visited The Salon California.

Right now, clients can receive a free gift with the purchase of any full size O&M product. More information can be found at <http://www.thesaloncalifornia.com/>.
